

Survey- Topics of interest for the 2010 Youth Peace Education Conference

- Introduction of Conference (3 minutes) – letter and explicit goals
- Survey (4 minutes)
- Collecting emails of those interested in summer and September planning (3 minutes)

Goals of this survey:

- To invite students and teachers to participate in this year’s Annual Youth Peace Education Conference on November 11th, 2010
- To serve the needs of those attending by inviting learners to help craft a vision for the conference
- To determine if students are interested in greater involvement in the months leading up to the event

Administering the Survey

- We suggest you ask students to close their eyes and/or put their heads down and raise their hand for as many topics as they are interested in
- In the column on the right hand side, please write how many student are interested in each topic
- After reading out all of the topics, ask students is there are other topics they are interested in and please record these in the ‘Other’ box
- Please ask your students if there are interested in approaching these issues more from a global or local level, or both?

Topic	# of students
War and Militarization	
Gender	
Food and Water Security
